- Intelligent infrastructure

WHO YOU CAN EXPECT TO MEET?

VISITORS BY NATURE OF BUSINESS

KZN Construction Trade Expo brings together KwaZulu-Natal's construction industry to drive sustainable progress in the regional built environment

In 2016, capital expenditure in KZN reached **R9 billion** and in 2017 significant construction projects are underway in the province valued at **over R 7 million** (example: the R 100 million Durban Cruise Terminal).

In KZN the construction sector contributes to **4.5%** of provincial GDP on an annual basis.

If I had to sum up the first day in one word, I would say excellent!
We got about 30 quality potential deals

Patrick Hansen, Universal Plywood
